ABOUT US

High Standard Engineering Ltd (HSE) is a Nigerian engineering company committed to delivering innovative, reliable and sustainable solutions across the built environment. We provide engineering, construction, fabrication, installation, maintenance, procurement and consultancy services to public and private sector clients.

We combine technical expertise, modern technology and a people-focused approach to deliver projects that create lasting value for communities and stakeholders.

OUR VISION

To be a leading engineering company recognized for excellence, innovation and sustainable solutions that improve lives and transform communities.

OUR MISSION

To deliver high-quality engineering services through professionalism, innovation and integrity, while creating value for our clients, people and society.

OUR CORE VALUES

- **Integrity** – Doing the right thing always.
- **Quality** – Excellence in everything we do.
- **Innovation** – Embracing new ideas and technology.
- **Safety** – Protecting lives and assets.
- **Sustainability** – Building for present and future generations.
- **People** – Our greatest asset.

MESSAGE FROM THE DIRECTOR

At High Standard Engineering Ltd, we are driven by a simple belief: engineering should make life better for people. We are committed to delivering safe, high-quality and sustainable solutions that meet today's needs while creating opportunities for tomorrow.

We look forward to building strong partnerships and delivering exceptional value to our clients and stakeholders.

Engr. Efosa D. Okeaya-Inneh
Director/Principal Engineer

TURNING
IDEAS INTO
LASTING
INFRASTRUCTURE

OUR CORE SERVICES

We provide end-to-end engineering solutions tailored to meet the needs of our clients across diverse sectors.

CIVIL ENGINEERING & INFRASTRUCTURE

Roads, bridges, drainage, highways, site development and urban infrastructure.

STRUCTURAL ENGINEERING

Design, analysis and construction of buildings, bridges and other structures.

STEEL FABRICATION & STRUCTURAL WORKS

Fabrication, supply and installation of structural steel and related components.

PROCUREMENT & SUPPLY CHAIN

Sourcing and supply of equipment, materials and technical support services.

INSTALLATION, REPAIRS & MAINTENANCE

Mechanical, electrical and structural installation and maintenance services.

MECHANICAL & ELECTRICAL ENGINEERING (MEP)

HVAC, plumbing, power systems, fire protection and building services.

RENEWABLE ENERGY SOLUTIONS

Solar systems, hybrid solutions, energy audits and efficiency improvement.

PROJECT MANAGEMENT

Planning, supervision, cost control and delivery of engineering projects.

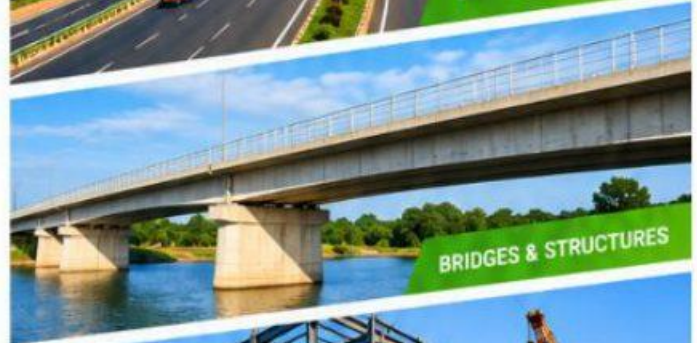

ENGINEERING CONSULTANCY

Studies, designs, inspections, advisory and technical support.

ENVIRONMENTAL & SUSTAINABILITY

ESIA support, waste management and sustainable infrastructure solutions.

SAFETY
ALWAYS

OUR CAPABILITIES

- ✓ Multidisciplinary engineering expertise
- ✓ Modern technology and construction methods
- ✓ Experienced and qualified project teams
- ✓ Strong supply chain and equipment base
- ✓ Quality, safety and environmental management
- ✓ Proven project delivery track record
- ✓ Ability to handle complex and large-scale projects

SELECTED PROJECTS

Real Projects. Lasting Impact.

Road Construction & Rehabilitation
Improving connectivity and economic growth.

Bridge Construction
Safe and durable structures.

Building Projects
Functional spaces for people.

Power & Energy Infrastructure
Supporting sustainable development.

Water & Environmental Works
Sustainable solutions for communities.

Site Development
From earthworks to complete infrastructure.

PLANT & EQUIPMENT

Well Equipped for Excellence.

EXCAVATORS

HSE, QUALITY & SUSTAINABILITY

We are committed to the highest standards of Health, Safety, Environment (HSE), quality and sustainability in all our operations.

HEALTH & SAFETY

Protecting our people, clients and communities through a strong safety culture and strict compliance with industry standards.

QUALITY ASSURANCE

Delivering excellence through robust quality management systems and continuous improvement.

ENVIRONMENTAL STEWARDSHIP

Minimizing our environmental impact and promoting sustainable construction practices.

PEOPLE & COMMUNITY

Investing in our people and supporting the communities where we work.

“ A safer today. A sustainable tomorrow. ”
